

STRATEGY • INNOVATION • HEALTH

Experts in strategic consulting
for innovative medtechs

Your medical innovation deserves to be **accessible** to as many people as **possible**

The task of MDxp and its pool of experts is to support innovative companies in their strategies and their international business development.

Develop a growth strategy

We study your positioning and that of your healthcare products in order to define a clear and comprehensive action plan.
(associated costs, optimize your financial resources...etc)

Promote your innovations

We contribute to promote your innovation and to perfect your positioning by identifying the best market access strategy.

Distribute your healthcare products internationally

We determine the growth markets and the partners which will allow you to carry out your strategy over the long term, and help you make the choices that will boost your turnover.

SMEs

Speed up your development by opening up new markets.

Start-up

Define your sales and marketing strategy.

Project leader

Define your positioning, your market and your business model.

Technology Transfer Organizations

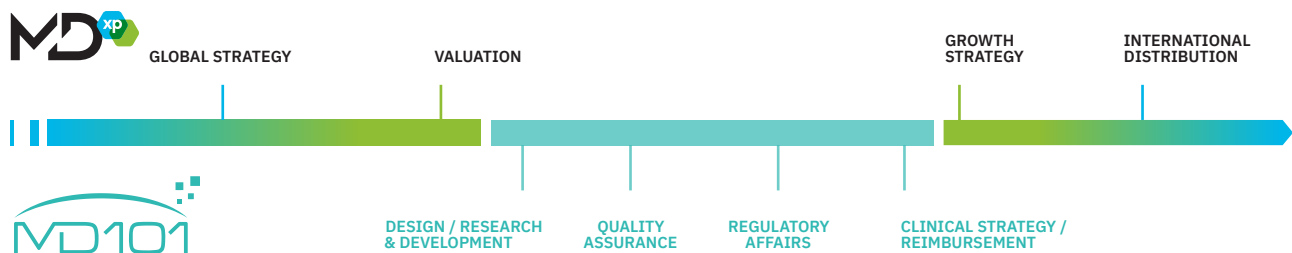

Promote your innovation and find the right partners.

We support all healthcare innovations

Whatever the stage of development of your company, we can provide you with our network of experts and thus meet your needs.

The complementarity of MDxp & MD101

Specialist in the design process, quality assurance, regulatory affairs, clinical and reimbursement strategies, MD101 is the ideal partner with MDxp to support you throughout all the necessary steps for the success of your company.
